Promoting professionalism and integrity
in brokering multi-stakeholder partnerships for sustainable development

Ten Principles of Partnership Brokering Good Practice

1. **Keeping up to date** with new developments in the theory and practice of brokering multi-stakeholder partnerships.
2. **Being reflective** and striving for diversity, equity, openness, mutual benefit and courageous practice when operating in a partnership brokering role.
3. **Being prepared to challenge** assumptions and poor partnering behaviour at any stage of the partnering cycle in ways most likely to bring about constructive change.
4. **Taking every opportunity** to build partnering and partnership brokering capacity in others.
5. **Sharing knowledge generously** and not holding on to knowledge for personal aggrandizement or gain.
6. **Exploring any available alternative approaches** before promoting a partnering process, in a commitment to achieving the best possible outcomes.
7. **Being open about risks** and seeking prior endorsement of those most likely to be affected by them before taking actions that might entail such risks.
8. **Being an ethical and responsible practitioner** by raising concerns about the partnership or the actions of individual partners.
9. **Acknowledging competence limitations** and being open to requesting assistance from others who will bring complementary skills or different approaches to the task.
10. **Being willing to let go** and hand over the partnership brokering role when the time is right.
